

**Dyonne Fashina**  
**Founder and Principal of Denizens of Design Inc.**

Dyonne Fashina is Founder and Principal Designer at Denizens of Design, an interior design studio specializing in commercial interiors in the realm of hospitality, workplace and retail.

Dyonne is a Registered Interior Designer with international recognition and over a decade of experience in a diverse range of project typologies. She has worked with developers and private clients across the globe; from Toronto to New York; Mexico to Spain – just to name a few. Recently completing restaurants in landmark buildings, such as the Gardiner Museum (Canada's National Museum of Ceramic Art), Columbus Centre, and the McMichael Canadian Art Collection. These projects benefit from Dyonne's focus on research in design strategy – the business value that good design thinking brings to a project.

Dyonne thrives on finding meaningful connections to inspire everyone involved throughout the design process. She designs with compassion for the human experience, creating spaces that are not only thoughtful, but also thought provoking.
