

**Kathryn Lawrence**  
**Interior Designer at Perkins&Will**

Born and raised in Kingston, Jamaica, Kathryn's interior design journey began in 2015 when she moved to Canada to pursue her degree at Sheridan College. After graduating in 2019 she joined the Perkins&Will Toronto team where she focuses on small to large-scale corporate and government design.

Her desire to pursue design stemmed from her need to explore an avenue that would allow her to embrace her love for the visual arts and her fascination with how the built environment shapes and influences society. Her ultimate hope is to work in both Canada and the Caribbean as well as to inspire other young creatives to chart their paths.
